Newsletter Term 6 Week 2

Dear Parents/Carers

It feels like summer has finally arrived – the children have spent lots of time learning outside this week and finding a shady spot for a cool down. Owls class have been creative with their maths learning this week. They have been learning about vertical and horizontal lines and produced some beautiful Mondrian art to demonstrate this – well done Owls!

On Wednesday afternoon year 5 attended the Science Jamboree at Discovery Park. They took part in a workshop run by Pfizer about static electricity, a chromatography "catch the sandwich thief" workshop with Asymchem and a Bias and measurements workshop with the NPL. They then watched a show about Air with John Coad. It sounds like they had a great time and I love the action shot of Austin!

Please return Summer Fayre raffle tickets to Mrs Bailey in the office – there is a class competition to sell the most raffle tickets. So far Hawks are in the lead. Mrs Bailey has spare tickets if anybody would like more.

Have a lovely weekend
